## ACCOUNTING POLICIES AND EXPLANATORY NOTES TO FINANCIAL STATEMENTS

31 March 2015

### CORPORATE INFORMATION

KIRAT RAI ASSOCIATION HONG KONG LIMITED (the “Association”) is a limited company incorporated in Hong Kong under the Hong Kong Companies Ordinance as a company limited by guarantee and not having a share capital. It is engaged to maintain social integrity, acquire equality and justice by protecting, preserving and promoting distinct social and cultural identity and linguistic diversity of Kirat Rai.

#### 1. SIGNIFICANT ACCOUNTING POLICIES

##### Basis of preparation of financial statements

These financial statements have been prepared in accordance with the Hong Kong Financial Reporting Standards (HKFRSs) (which also include Statements of Standard Accounting Practice and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”), accounting principles generally accepted in Hong Kong and the Hong Kong Companies Ordinance. The financial statements have been prepared under the historical cost convention.

The preparation of financial statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenditure. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimate is revised if the revision effects only that year, or in which the year of revision and future years if the revision affects both current and future years.

##### Revenue recognition

Revenue is recognized on the basis of cash received and receivable from membership fee, donation and other contribution.

##### Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditure incurred after item of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to the income statement in the year in which it is incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of an item of property, plant and equipment, and where the cost of the item can be measured reliably, the expenditure is capitalized as an additional cost of that asset or as a replacement.

ACCOUNTING POLICIES AND EXPLANATORY NOTES TO FINANCIAL STATEMENTS

31 March 2015

1. SIGNIFICANT ACCOUNTING POLICIES-CONTINUED

Property, plant and equipment (continued)

Depreciation is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment to its residual value over its estimated useful life. The principal annual rates used for this purpose are:

Property, plant & equipments	20%
------------------------------	-----

Impairment of assets

Assets that have an indefinite useful life are not subject to amortization, which are at least tested annually for impairment and are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

Operating leases

Leases where substantially all the rewards and risks of ownership of assets remain with the lessor are accounted for as operating leases. Rentals applicable to such leases are dealt with in the income and expenditure account over the terms of the lease.

Cash and cash equivalents

Cash comprises cash on hand and at bank and demand deposits with bank. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Income tax

The Association is exempted from Hong Kong profits tax under the provision of Section 88 of the Hong Kong Inland Revenue Ordinance.

2. LIQUIDITY RISK

Prudent liquidity risk management implies maintaining sufficient cash. To manage its liquidity risk, the Association has maintained an adequate cash position.
